Dear Editor,

I am writing to express my support
for the new boat ramp that the Hi-way Department is planning to build
on Lake Murcául. I believe it will be a great addition to the community,
and it will provide a much-needed recreational area for residents and
visitors alike.

Sincerely,

Mrs. Raul Perez

Crime Outranks Population
Five To One Says FBI-Chief

Forward to Free Enterprise
Our national wealth increased last year. This progress
was due partly to the increased production of
business and industry and partly to the increased
income of the people. The government should
continue to support these industries and
encourage them to grow.
