We are constantly working to offer better service to people of this area!

In order that we may better serve the citizens of this area, we are making changes in our organization.

* * *

Clendon Bearden will be Manager of the Rawls lumber yard and Lowell Kelley will devote full time to building new homes and developing residential sections in the area.

We feel these changes will benefit all people of the area and that we'll do a better job in our profession.

We invite you to visit us for quality products and friendly service.

Disposal Pits Described

By ALFRED A. COCHRAN, County Ag Agent

A publicity stunt aflre the war was a simple, cheap, quick and easy way to dispose of lawn debris. The method involved the use of a wire or metal frame, which was placed over a hole in the ground. The frame was then filled with water, and the debris was placed inside the frame. The frame was then sealed with a piece of cloth, and the debris was left to rot. This method was effective in disposing of lawn debris, but it was not always practical, especially in areas with a high volume of traffic. In such areas, the method was not practical, as the debris would be easily disturbed by foot traffic.

About Your Health

From American Medical Association

Hot Weather Diet for Children

The child should be encouraged to eat a balanced diet while in hot weather. This diet should consist of a variety of fruits and vegetables, as well as a good supply of milk and eggs. The child should also be encouraged to drink plenty of water, as dehydration can be a serious problem in hot weather. The child should also be encouraged to avoid excessive heat exposure, as this can be harmful, especially in children.

Deadwood News

Maidens, Mrs. Bert Alexander and Mrs. Bert Alexander, Jr., were called to the hospital in Deadwood yesterday when their daughter, Mrs. Bert Alexander, was taken ill with a severe case of influenza.
