For 1964... Comet announces a car that’s every bit as hot as it looks...

PANOLA MOTOR CO.

COMET CALIBRA

In this month’s feature of Comet, two models that have in common, Comet’s quality aren’t the only features that make these cars popular. The automatic transmission and the Car-Care package are other important points. Look for the new Comet to hit the market in early 1964.

What's more, everybody's favorite for '64 PONTIAC

plus a whole new kind of Pontiac.
Texas State Fair to Be Heritage Exposition

...Where the Action Is!

For '64... New showcase of stars from DUSMOBILE

Selected 1964 Mercury

The action is provided by the type of V8 engines that have made Mercury the new performance champion of the medium-price field—demonstrated in open competition including the most recent Pikes Peak Climb. A 300 c.i. V-8 is standard, a 427 V8 optional. And only Mercury offers you two entirely different styling choices in one great car.
