INDEPENDENT POSITION

We have had the question posed at us lately why we should support a particular candidate or party. Our answer is that democracy is the best form of government to support, as it allows for a free and open debate of ideas. The people can then choose the candidate or party that they believe will best represent their interests. This is why we support independent candidates like Mr. Johnson, who will bring a fresh perspective to the political landscape.

TEXAS FOR TEXANS

At this crucial time, it is the conservative course to follow a man who is a leader—and who is leading well.

PRESIDENT JOHNSON has a long, impressive record of outstanding leadership. Bipartisan leadership.

His actions to reduce taxes and hold down government spending are providing the confidence that will keep the economy growing.

He is giving the private enterprise system an opportunity to do its job.

In foreign affairs, his firm but temperate position has given the free peoples of the world confidence in America’s leadership.

Continuity of sound policy and leadership is vital to America’s future. Therefore, we urge everyone to vote for President Johnson & Senator Humphrey.

Mr. & Mrs. VOTERS
IN DISTRICT 4 - PANOLA & RUSK COUNTIES

I am a conservative candidate on the Republican ticket to run for State Representative from District 4, which is

If I am elected from this district, you will be represented, you can depend on that. There is how I stand on

EDUCATION

I think our minimum pay should be $4,000.00 for the first child and $2,000.00 for each additional child. With this salary, we would be able to attract some of the best teachers and have higher accountability in the classroom. We need to put our money where we want to see it go.

WELFARE

The general welfare is the basis of all social legislation. It is the duty of the federal government to do what it can to help the people in need. We should support the Social Security program and other programs that help the elderly and the disabled.

LEGISLATURE

We need a legislature with strong leadership and a clear vision for the future. We need Congress to pass legislation that helps our citizens and improves our economy.

OLD AGE ASSISTANCE

I will support a plan that provides 2000.00 each year of their social security benefits for each child over 65.

Election is a serious responsibility, and I am committed to serving you to the best of my ability. I hope you will vote for me on November 3rd.

---

You may vote as you please on NOVEMBER 3RD!

There is no legal requirement-no moral obligation

Regardless of how you have ever voted

Or in which primary you voted

Or whether or not you voted

Or how you poll tax receipt was stamped

You can vote for any candidate of any party

On the November 3rd Ballot

Governor Pat Brown, while Attorney General, wrote an opinion on the constitutionality of the state's electoral code. The Court of Appeals sided with the governor, holding that the section containing the voting in the primary election DOES NOT create a legal obligation.

Governor Folsom refused to support the governor by running in the primary. He would not sign the measure, and the measure was defeated. If the primary ballot doesn't include anyone legally eligible to vote on the November ballot, it is null and void.
