$168 Million New Telephone Construction for Texas in 1965

Continuing improvements in telephone system will make your service even more dependable and valuable.

Here are some of the things you'll do in 1965 to make your telephone service better:

1. **New Equipment**: Installing new equipment in your home will provide clearer conversations and faster dialing.
2. **Improved Signals**: New signal transmission lines will reduce static and improve call clarity.
3. **Maintenance Programs**: Regular maintenance will ensure your system is in top condition.
