Good news for telephone users:

Telephone excise tax reduction goes into effect
January 1 for Texas customers

Effective January 1, 1986, the Federal excise tax on
telephone service will be reduced from 10 to 3 percent
following the initial drop, the tax will be lowered 3 percent
every year until it is eliminated in 1989.

Telephone users will receive the full cash benefit
from this tax reduction. The tax, which is based
on those who use telephone service, has been included
on monthly telephone bills, and each month until a full
payment has been sent on to the federal government.
In effect, the telephone company has a new agency.
