Little League Barbecue Set At United Gas Park Friday

Event Climaxes Summer Play

PTA Meeting
Set July 11

HOLIDAY PERIOD PROVES QUIET IN PANOLA AREA

Carthage and Panola County enjoyed a 13-day stretch of weather without any major events during the July 4th holiday weekend. The activities were more subdued and the usual outdoor events such as parades and fireworks were not observed.

THROUGHOUT THE COUNTY A CALM SUCCESSION OF SCATTERED SHOWERS WAS REPORTED IN THE COUNTY. THE WEATHER WAS NOT UNUSUAL FOR THE SEASON, BUT IT WAS RELATIVELY CALM COMPARED TO THE PREVIOUS WEEKENDS.

Only one minor accident was reported at the county line. It involved a small pickup truck that ran off the road into a nearby field. No one was injured, and the vehicle was minorly damaged.

Water Consumption At Record Level In City

Despite the hot weather, water consumption in the city remained at record levels. The city's water treatment facilities were working at full capacity to meet the demand.

June Weddings Reach Record

Panola County residents celebrated a record number of weddings in June. The figures were compiled by the local courthouse, and it appears that the number of weddings has increased significantly compared to previous years.

Four Attend Kiwanis Fete

On June 15, the Kiwanis Club hosted its annual fundraising event. The event featured a gala dinner and dance, with all proceeds going to local charities.

Two Attend NEA Meeting

On June 17, the Panola County chapter of the National Education Association hosted a meeting for local educators. The meeting was attended by two members from nearby counties.

22nd ANNUAL REFUND

The Panola-Harrison Electric Cooperative is pleased to announce the 22nd annual payment of capital credits amounting to $117,432.00.

Since the cooperative was organized in 1936, a total of $1,287,877.80 has been paid to consumers, representing a refund of capital in excess of the actual cost of providing electric service. For serving rural people with the limited service of electricity is reflected in our local economy and the well being of our community. We are pleased to have had a part.
