Sunday School Lesson For Sunday, October 29

What Motivates Your Religion?

Memory Selection: Men look on the outward appearance, but the Lord looketh on the heart. (1 Samuel 16:7).

This lesson should make you think a lot about your religion.

INTRODUCTION

This is a story about a man who was a very religious man. He was so religious that he would go to church every Sunday and spend his whole day there. One day, he was walking down the street when he saw a man sitting on the sidewalk. The man was homeless and had no place to go. The religious man decided to help the man and gave him some money. He then continued on his way, feeling good about himself.

As he continued down the street, he saw another man, who was also homeless. This time, he didn't have any money to give. He just walked past the man and continued on his way. The religious man felt bad about not being able to help the other man.

SUNDAY SCHOOL LESSON

HOLCOMB TO SPEAKER

When the Lord was revealed to the Hebrews, He was revealed to them in a very real way. He was revealed to them through the experiences of their lives. He was revealed to them through the experiences of their history. He was revealed to them through the experiences of the prophets. He was revealed to them through the experiences of the apostles.

We can learn a lot from these experiences, especially when we are trying to understand the purpose of the Church.

HOLCOMB TO SPEAKER

Card of Thanks

I want to thank all of the Church members for their support and encouragement. Your love and support have been a great source of strength for me. I am grateful for your help and for the opportunity to serve the Lord.

CONCLUSION

This lesson has been about the importance of helping others. It has also been about the importance of having a personal relationship with God. We can learn a lot from these experiences, especially when we are trying to understand the purpose of the Church.
