Church Directory-Sunday School Lesson-Messages

ASC TO BE PUT TO WORK

As long as there are abilities who are not used, uneducated in national affairs, there is work to be done and much work cannot be left to the Stats. The community must be kept in mind and a start made to get the little folk to be homes and a happy childhood.

Peacocks are a crying need for those child work and the teacher in this work. It is to those who fill the spots of "Home and School" and the other spots that are needed. These are the places where we are finding much work for the underprivileged children, but the Church must do the best of the work.
