Becoming A New Person.

New Life Begins. John 1:12 through 15. John goes on to say that those who accept Jesus as Lord will have eternal life. This phrase is used to describe the new life that we receive when we accept Jesus into our lives. When we make this decision, we are no longer living for ourselves but for God. This new life is a gift from God, and it is available to everyone who believes in Jesus. Do you want to receive this new life? Would you like to experience the joy and peace that come with being a child of God? Then take the first step today by accepting Jesus as your Lord and Savior.
