TO BRING OUR LIGHT OUT OF HIDDEN
Why do the lights have to be hidden?

This is our time to do our best to develop our light for others.

This is a great opportunity to reach out to others and share our faith.

Epsilon Iota Chapter
Opens School Year

The Epsilon Iota Chapter of the National Charity League opened its school year with a grand ceremony. The chapter covers the United Methodist School, North Texas State College, and the University of North Texas. The opening of the school year was held at the University of North Texas. The chapter members wore white dresses and carried flowers. The chapter members are planning to hold a fund-raising dance at the University of North Texas. Guilty In Chicago

The recent acquittal of all four members of the Chicago Police Department was a stunning blow to the city's justice system. The verdicts have raised questions about the integrity of the police force and the fairness of the legal process. The acquittal of these officers has been widely criticized, and many are calling for a thorough investigation of the police department's practices and procedures.

Duty, Honor, Country

The recent events have highlighted the importance of duty, honor, and country in the context of law enforcement. It is essential that our police officers uphold the highest standards of professionalism and integrity. The acquittal of these officers has raised concerns about the fairness of the legal process and the adequacy of the police department's accountability mechanisms.

Brainwashing Tactics

The recent events have raised concerns about the role of propaganda and manipulation in the context of law enforcement. The use of propaganda and manipulation tactics can have serious consequences for the rights of individuals and the integrity of the legal system.

Out Of The Past

The recent events have highlighted the importance of learning from the past. It is essential that we reflect on the lessons of history and apply those lessons to our present-day challenges.
