PTA Takes Stand On Busing, Prayer

The PTA has taken a stand on busing and prayer at the Carthage ISD. The organization believes that busing should be voluntary and that prayer in schools should be optional. This position was expressed at the PTA meeting last week, where members discussed the importance of parental choice in education and the right of children to be free from compulsory religious activities.

28,000 Seeking Permits

Of the approximately 28,000 people seeking permits, 15,000 are from the United States. The remaining 13,000 are from various countries around the world. The permits are needed for travel purposes, and the process can take several weeks to complete. Applicants are required to provide proof of identity, citizenship, and other relevant information.

NOW... guaranteed one-coat exterior coverage for your home!

Retailers Required To Post Base Prices

Retailers are required to post base prices in their stores to prevent price-gouging. This is part of a new state law that aims to protect consumers from unfair pricing practices. Violations of the law can result in fines and other penalties. The law went into effect last month.

A very merry Christmas and a Happy New Year Season

The Carthage Drug Store wishes you a very merry Christmas and a happy new year season. We offer a special gift wrap service, and our lowest and most competitive prices on all holiday gifts. Visit us today and enjoy the spirit of the season.

Automobile Registrations

DeBerry-Panola-Bethany

The automobile registration office is now open from 8:00 AM to 5:00 PM, Monday through Friday. Registrations can be completed online or in person. The office is located at 123 Main Street, Carthage, Texas. For more information, please call 123-4567.

TVMA President Raps Proposed Vet School

The Texas Veterinary Medical Association (TVMA) President has criticized the proposed state-financed veterinary school, saying it will only increase competition and drive up costs. The president believes that the state's existing veterinary programs are already sufficient, and that additional schools are unnecessary.

Dressed Catfish & Pickles

Make the greatest cooking discovery since fire!

Amana

A miracle worker:

It's a miracle worker: the mark of the Amana product. Look at it, touch it, use it. The miracles begin the day you buy it. Then they go on doing marvels for you, never to stop. When you buy an Amana, you buy the work of a master craftsman. It's the Amana spirit-no wonder the people of the United States love it, and call it "America's Own Brand." The Amana product promises to do more work than you can imagine. For example, the Amana refrigerator will never let you down. Amana, the miracle worker. Amana, the miracle of the future. Amana, the miracle of the present. Amana, the miracle of the past. Amana, the miracle of the nation.

Excise tax repealed!

'72 Ford prices drop average of $200.

Congratulations to Ford on reducing its prices. The Ford Motor Company has announced that it has reduced prices on its '72 models by an average of $200. The company says the decision is in response to current economic conditions and customer demand. This move is expected to boost sales and help the company stay competitive in the marketplace.

What's A Life Worth?

When Claymont schools fail to meet their grade, it creates a downward spiral of broken dreams and impoverished families. It's a cycle that's hard to break. The impact of these failures is far-reaching, affecting not just the students but their families and communities. It's a system that needs to be fixed.

Ship Building In Greece

In a move that's set to make headlines, the Greek government has announced plans to build ships in an effort to boost the economy. The move is seen as a significant step towards modernizing the country's manufacturing sector. It's a bold move that could have far-reaching implications.
