TO THE PEOPLE OF PANOLA COUNTY

JOHNNY BLAIR
I would like to take this opportunity to thank my supporters and friends who helped me in the recent election for sheriff of Panola County. I felt short in achieving victory, but Panola County still needs a change in its sheriff's department.

I observed first hand our present sheriff in action when I was a Panola county sheriff's deputy. Panola county needs a sheriff who can work with the county commissioners on reaching a workable budget.

The present sheriff increased his budget from approximately $30,855 to $31,834. The $71,000 budget he submitted to the commissioners for approval was turned down. Our county is in financial trouble and we need a sheriff who will help this county through this time.

When a citizen of Panola County calls the sheriff's department, we need a sheriff who will, at least, talk to the people on the telephone—and not one to tell the deputy who answers the phone to tell whoever is calling he isn't there.

There is another thing that needs to be pointed out. That is that the present sheriff has gone through several deputies. If a sheriff cannot control the respect of the people he employs, how can the people of Panola county have confidence in the sheriff's department?

My purpose is not to criticize anyone. I only want what is best for the people of Panola county.

I believe Mr. Johnnie Spradley can be a change in our sheriff's department. I urge the people of this county to consider what I've said.

Thank you again.

IN FAIRNESS TO TRUTH LET'S SET THE RECORD STRAIGHT

1. I have spoken with people on both sides of the issue and I feel confident in the information I have.
2. I have personally witnessed the events that have occurred.
3. I believe that the charges made by both sides are unfounded and do not reflect the truth.
4. I have spoken with the law enforcement officials and have been assured that they are doing their best to resolve the situation.

EXPERIENCE...

Don’t sell it short...we need the kind of leadership our Senior Representative can give us...Burgess’ experience in Austin will prove to our advantage. Burgess is not only eligible to serve on major house committees, but is chairman of the powerful Highway and Roads Committee, and serves on public education, agriculture, and livestock committees.

QUALIFIED...

With the new districting now in effect, the majority power has shifted to the heavily populated city areas. Any advantage we can get for our rural areas must be retained.

Steve Burgess has proven his concern for the people in his district time and again. He has proven that he can and will be our full time representative. Burgess does not have any other major business interest that will distract him from his responsibility to serve his people of the 4th district.

ETHICAL...

Steve Burgess and his 4 opponents have all run a clean race and will be the last minute rumors on the shortcomings or faults of his opponent. Steve Burgess stands on his record of service.

WE NEED STEVE BURGESS AS OUR REPRESENTATIVE IN AUSTIN
