Big Vote Foreseen
In Option Election

Garbage Residents are expected to go to the polls Nov. 7 to vote on a bill which would provide for the option of a trash collection fee in the city, instead of the current flat rate. The city has been collecting garbage for about one year and residents have been expressing their concerns about the cost and effectiveness of the program. The new option would allow residents to choose between a flat rate or an option based on the amount of garbage collected. This bill is expected to pass, as the majority of residents in the city support the option. The vote will take place on Nov. 7, with polling locations scattered throughout the city. Residents are encouraged to cast their vote in favor of the new option to reduce the cost of garbage collection.

County Registers Record 9,673 Voters

Purple County has registered a record number of voters, with 9,673 residents signed up to vote in the upcoming election. This is a significant increase from previous years, and the county has prepared accordingly by opening additional polling locations to accommodate the increased turnout. The registration process has been streamlined to ensure a smooth voting experience for all residents. The county clerk's office has also launched a campaign to encourage non-voters to register, aiming to increase voter turnout in the upcoming election. Residents are urged to register in advance to avoid long lines on election day.

Beta Sigma Phi Sets Meeting Here Nov. 4

The Beta Sigma Phi sorority will meet here on Nov. 4, as announced in the local newspaper. The meeting will be held at the community center, and is open to all members and guests. The agenda includes updates on upcoming events and activities, as well as opportunities for members to volunteer and contribute to the community. Members are encouraged to attend and participate in the meeting to stay informed and involved in the organization. Details about the meeting, such as time and location, can be obtained from the local chapter or by contacting the chapter president directly.

No Matter What You Say

Or How You Say It —

The ONLY Issue In A Local Option Election Is:

ALCOHOLIC BEVERAGES

Let us remind ourselves that the plight of the homeowner, the owner of a home, like the homeowner who lives on the highway, who destroys the home, who steals or robs, but that such the only solution. And without the homeowner who lives in the city or the town, will not be able to live in the city or the town. Keep your home and your neighborhood will be a far better place.

This issue is clearly drawn between the Christian groups which are out for a clean, free state where men, women and youth will not have to bear the terrible weight of failure and misery which the alcohol traffic entails and the alcohol industry, fighting for only one thing, profits!

The phrase "LEGAL CONTROL" is misleading. "Control" regulates conditions of sale, and nothing else. It does not control mysterious, illegal and untold damage and destruction to communities, to homes, to businesses, to lives. When we license liquor saloon, we throw the lion's share to the saloons, we throw the lion's share to the saloons, and we throw the lion's share to the saloons. And when we poll liquor sales, we throw the lion's share to the saloons, we throw the lion's share to the saloons, and we throw the lion's share to the saloons.

VOTE AGAINST THIS ISSUE ON SATURDAY (NOV. 4) AT CITY HALL

IN CARTHAGE BY MARKING YOUR BALLOT AS SHOWN BELOW:

FOR THE LEGAL SALE OF ALL ALCOHOLIC BEVERAGES FOR OFF-PREMISE CONSUMPTION ONLY.

Why You Should Re-Elect
President Richard Nixon Nov. 7

LET'S LOOK
At AGRICULTURE
And STOCK RAISING

WE HAVE to let the area's agricultural output be heard. Our farmers 
produce food, fiber, and feed, and contribute to our economy in 
ways that are vital to our nation's well-being.

HERE ARE SOME OF THE REASONS

President Nixon's AGRICULTURAL ACT OF 1970 has helped

strengthen and promote American agriculture.

President Nixon's ADMINISTRATION has taken a strong 
position on farm prices and set an example in use of 1973 and 1974 
prices, which are up 10% per ton over 1973-74 prices.

President Nixon's Record is one of great strides in 
agricultural policy, and we strongly support his 
agenda.

FOR YOUR OWN GOOD,
RE-ELECT THE PRESIDENT
AND REMEMBER
The Only Way to Have Your Say
