Fire Ant Problem Multiplying Here

The idea of finding a 22-year-old woman who's apparently been missing for more than a year is a tough one in this huge state. A 24-year-old man who's missing is even tougher, because he was always a tough guy to find in the first place.

D adresse, 51 East River Road, Dallas, Texas, is the state's only living person who has been missing for more than five years. He disappeared in 1984, and his parents are still looking for him. The police have not been able to find any clues.

The parents of the 24-year-old man, who was last seen in 1979, are also looking for him. They have been trying to find him for more than 20 years, and they have given up hope.

**On Christmas Day**

The Christmas season is a time of joy and celebration, but it can also bring stress and anxiety for many. It is a time when many people feel pressure to buy gifts and decorate their homes, all while trying to maintain their mental health. In this period, it is important to remember to take care of ourselves and seek support if we need it.

**Gift To Grow On**

Traditionally, we place an emphasis on giving gifts and material goods during the holiday season. However, this year, consider giving a gift that contributes to the well-being of the planet. There are many options available, from sustainable clothing to eco-friendly home goods.

**Ellsworth Is No Patriot**

Ellsworth is a small town in Kansas that is known for its patriotism. However, recent events have shown that patriotism can sometimes mean overlooking the truth and standing by harmful actions. It is important to critically examine our own beliefs and values, and to challenge those that are harmful to others.

**In Good Hands**

Families, money, emotions, and more are in the hands of someone. It is important to trust that the person handling these responsibilities is capable of taking care of them. This can be a challenging task, but with proper planning and communication, it is possible to feel confident in the decisions being made.

**Government Strikes Out**

The government has been criticized recently for its handling of certain issues. It is important to remain informed and engaged in the political process, and to hold our leaders accountable for their actions.

**Grassroots Opinion**

Issuing a call to action, a grassroots organization is urging people to take action on important issues. This includes advocating for policy changes, volunteering for causes, and supporting those who are working to make a positive impact.

**Out Of The Past**

From the files of the **Pamela Watchman**

A look back at past events and issues that have shaped our community. This can be a valuable reminder of how far we have come and how far we still have to go in achieving our goals.

**PRICE SLASH**

**KROEHLER**

Choice of foam or Innerspring mattress available in fabric or vinyl. Priced from $179.95.
