Funds Sought Through Emergency Aid Act

The Carthage Independent School Board was forced to cut $25,000 from its $845,000 annual budget this year, according to T. H. Day, president of the school board.

Some of the cuts included a decrease in the school district's insurance premiums, reductions in the school district's maintenance budget, and a decrease in the school district's transportation budget.

The Carthage Independent School Board was forced to cut the budget for the fiscal year ending June 30, 1971, due to a decrease in state appropriations for public schools.

The budget for the fiscal year ending June 30, 1971, was $845,000, which was $25,000 less than the budget for the fiscal year ending June 30, 1970.

The decrease in the budget was due to a decrease in state appropriations for public schools.
