You buy the tractor. We'll buy the insurance. Buy this International 664 & Garden Tractor and save the price, and it'll include the insurance, too! (Your dealer can get you started in setting up your insurance application.) We offer the best. We're independent. And we don't have to worry about putting a $300 charge or more on the tractor as an additional charge. What we offer is a $3500 insurance package on any farm equipment you choose. The dealer will have the insurance application in the store. This offer is subject to the availability of the equipment at this time. This is a very limited time offer. Hurry in to get your insurance application and have your tractor insured.
