Now's the Time

The task of ending poverty, ending hunger, and ending the war on drugs is not an easy one. But if we don't take action now, it will only become more difficult in the future. We must work together to make a difference.

Grassroots

There has been much talk about the need for a grassroots movement to address these issues. But how do we actually go about doing that? One way is to start small and build from there. We can organize community events, hold protests, and speak up for what we believe in.

SENSING THE NEWS

Bureaucratic Harassment

The system of bureaucracy can often be frustrating and overwhelming. It can feel like we are just going in circles, never getting anywhere. But it is important to remember that these systems are in place to keep things organized and to ensure that everything is handled properly. It is up to us to make sure that they are working effectively and efficiently.

The Lighter Side

By James Smith

The only way to beat the heat is to get a good book. I recently discovered a novel that kept me riveted until the very last page. It was a suspenseful mystery that had me guessing until the very end. I would highly recommend it to anyone who loves a good mystery.

Oil, Gas News

Inflation Hedge

For many people, inflation can be a real concern. It can make it difficult to make ends meet and can put a strain on our budgets. One way to hedge against inflation is to invest in assets that are less affected by it. This can include things like real estate or precious metals. It is important to do your research and to make sure that you are making sound investments.

Costly Empire

A recent study has found that the cost of healthcare is skyrocketing. This is a major concern for many people, especially those who are struggling to make ends meet. It is important to stay informed and to speak up for what we believe in.

Out of the Past

From the files of the Pasadena Watchman

There has been much talk about the importance of preserving our history. But how do we actually go about doing that? One way is to create museums and historical sites that educate people about the past. This can help us to learn from our mistakes and to build a better future.

Koonce Chorus to Present Patriotic Programs Oct. 22

The Koonce Chorus, under the direction of Mr. Koonce, will present two patriotic programs on October 22. The first program will be held at 7:00 PM in the Koonce Auditorium, followed by a reception in the lobby. The second program will be held at 8:00 PM in the Koonce Gymnasium, with a reception to follow in the cafeteria.

CISD Draws Tax Suit

The CISD is facing a tax suit, as the United Fund has launched a 50% of the goal campaign. The suit has been filed by the state authorities, who are seeking to recover the funds that have been misappropriated. The CISD has denied the allegations, stating that all funds have been used for educational purposes.

City Officials Encourage ‘Right Turn on Red’

City officials are encouraging residents to observe the ‘Right Turn on Red’ law, which requires drivers to stop and then proceed if it is safe to do so. The new law was implemented to improve safety and reduce accidents at intersections.

Tax Injunction Denied

In a tax exemption case, the court has denied the plaintiff’s request for an injunction. The plaintiff had sought to prevent the city from collecting property taxes on a parcel of land, but the court determined that the city had a valid basis for the tax.

In Panola County Case

In another tax case, the court has ruled in favor of the city, upholding the city’s right to collect property taxes on a particular property. The plaintiff had argued that the property was exempt under state law, but the court disagreed, finding that the property met the standard for taxation.

PANOLA COUNTY

This Week

1. First National Bank: A new series of promotions will be launched to encourage savings. This includes a new car, a camping trailer, a new boat, and a lake lot. The bank will also offer new home expansion and children’s education programs.

2. Community Services: A new program will be launched to provide assistance to low-income families. This includes food, clothing, and financial support. The program will also offer a new home expansion and children’s education program.

3. Panola County Sheriff: A new sheriff will be appointed to take over the duties of the previous sheriff. The new sheriff will focus on improving community relations and increasing community safety.

4. Panola County Engineers: A new engineering program will be launched to provide training and certification for local residents. The program will offer a new home expansion and children’s education program.

5. Panola County Police: A new police program will be launched to improve community safety. This includes a new home expansion and children’s education program.

6. Panola County Fire: A new fire program will be launched to improve community safety. This includes a new home expansion and children’s education program.
