The Resurrection Victory

Jerry Snyder

Southern Baptist Seminary

How many people have you met that are positive, happy people? How many do you know who are always smiling, always looking for the good? There are some people you know who are always looking on the bright side.

There is a philosophy that all people have to show in order to live successfully is to have a positive attitude. This attitude is so important that it can make the difference between success and failure.

A positive attitude is not just a matter of being happy. It is an attitude that is seen in the way you speak, the way you think, and the way you act.

A positive attitude can help you overcome obstacles and achieve your goals. It can make the difference between success and failure.

So, how can you develop a positive attitude? It starts with the way you think.

When you think positive thoughts, you will be more likely to act positively. This can help you overcome obstacles and achieve your goals.

It's easy to develop a positive attitude. Start by changing the way you think. If you find yourself thinking negatively, try to change it to a positive thought.

Another way to develop a positive attitude is to surround yourself with positive people.

People who have a positive attitude are more likely to encourage you to be positive. They will help you stay focused on your goals and work towards them.

So, remember, a positive attitude can make the difference between success and failure. It's up to you to develop it and use it to your advantage.

City Meeting
Set Monday
The City Meeting of Panola County, scheduled for Monday, will feature several important topics. The first order of business will be the approval of the budget for the upcoming fiscal year. This will be followed by a discussion of the recent increase in property taxes, which has raised concern among residents. The meeting will also include a report on the progress of the new park project, which is expected to begin construction soon.

Garbage High To Sponsor One-Act Play Workshop
A One-Act Play Workshop is scheduled to be held at Garbage High School on Saturday, March 5. The workshop is open to all high school students in the Panola County area and will provide an opportunity to learn about the art form of playwriting. The workshop will be led by a professional playwright and will cover various aspects of playwriting, including character development, dialogue, and structure. Attendees will have the chance to write their own one-act plays during the workshop and will receive feedback on their work from the playwright.

Mr. LaGrone Succumbs
Mr. LaGrone, a well-known figure in the community, passed away last week. He was widely respected for his contributions to the local business community and was known for his generosity to those in need. His funeral will be held on Saturday, followed by a reception at the Panola County Community Center. The family requests that in lieu of flowers, donations be made to the local food bank.

Local Youth Dies In Fire
A tragic fire that occurred late last night resulted in the death of a local youth. The victim, a 15-year-old boy, was found in the burning house when firefighters arrived on the scene. The cause of the fire is under investigation, but it is believed to have been accidental. The boy's family is deeply mourning his loss and requests privacy during this difficult time.

Panola County Sports
More Business Firms
The Panola County Sports Commission announced yesterday that it has awarded a contract for the construction of a new sports complex. The complex will include facilities for basketball, volleyball, and gymnastics, and will be located on the Panola County Fairgrounds. It is expected to be completed by the end of the year. In other news, several new business firms have opened in the county in recent weeks, including a new car dealership and a restaurant.

School Board Race Activity Gets Livelier
The race for the Panola County School Board is heating up, with several candidates vying for the seats. The primary election is scheduled for next month, and the candidates are expected to campaign vigorously in the lead-up to the vote. The issue of school funding is expected to be a key campaign issue, with all candidates promising to increase funding for local schools.
