Letter Of Appreciation
To The Panola County Sheriff's Department

On the morning of April 13 it appeared my wife had been旮 Mohammed at the right moment, and all at his right hearing. And so the story goes, since such an event happens at least once a month. The story of Mohammed, 51, with the same last name. Robert, McCall, and lawmen, which has been repeated throughout history.../ normal story...

In the spring of 1987, I had a wonderful time in Panola County. I much enjoyed many of the wonderful people there, including Sheriff's Department. Their service and courteous. Much of the year, I heard the Sheriff's Department. sheriff and his deputy, with whom I had much contact.../ normal story...

ELECT
DANNY BUCK-DAVIDSON
YOUR PANOLA COUNTY JUDGE

I, Danny Buck Davidson, understand this is an important opportunity to make our seat for the office of Panola County Judge a Democratic one.

I am a lifelong resident of Panola County. My parents are Mr. and Mrs. Buck Davidson, who reside in the Big Hill Community. My grandparents are Mrs. Martha Virginia and the late Mr. J. M.IRO "Mr. J. M.iro. My wife, Mrs. J. F. Davidson, is the daughter of Mrs. L. M. Davidson and a lifelong resident of this county.

I am a member of the Baptist Church and am a graduate of Texas State University. I received a Bachelor of Arts degree in business administration and a Master of Business Administration degree from the University of Texas at Austin. I also received a Master of Business Administration degree from the University of Texas at Dallas.

I believe in fair and honest interpretations of the law, and I believe in conservative government within the framework of our present tax structure. Our goal is to provide better government services in an efficient manner, at reduced costs.

My only pledge is good honest government and my only promise is to do my best to serve the needs of our citizens. To stand up and work for what I believe is right, and to use all the ability and ability I possess on behalf of your affairs and the people in this county.

I am not affiliated with any political party, nor any special interest group.

The most enjoyable part of my campaign is meeting new friends, removing old acquaintances, and seeing old friends whom I have not seen since graduating from high school.

In my talking with you, I have learned a lot about you. Your needs and needs of this county, and your philosophy of the county's "best friend when I wasn't there."

My only regret is that due to the large size of this county, I will be unable to see you all and talk with each of you personally after the election. May you be very well and have a happy Easter.

Please vote for me.

**Mrs. Cecil Williamson**

**Doll-maker’s Versatility Shines**

by Janet Dunbar

There were no limits to the creativity and versatility of Mrs. Cecil Williamson, a doll-maker who had been creating dolls for over 50 years. She was known for her ability to transform everyday objects into beautiful dolls.

Her dolls were made from a variety of materials, including cloth, wood, and even metal. She was also skilled at designing and creating the unique outfits that her dolls wore, often using fabrics and trims that were hand-designed and crafted.

Mrs. Williamson's dolls were known for their intricate details, such as the facial features, hair, and clothing, which were all lovingly crafted by her own hands. She was constantly looking for new ways to improve her skills and create even more unique dolls.

Her ability to create dolls from a wide range of materials and techniques was a testament to her dedication and passion for her craft. She was always experimenting with new ideas and techniques, and her dolls were always a reflection of her creativity and imagination.

Mrs. Williamson's dolls were highly prized by collectors and enthusiasts alike, and her name was synonymous with quality and beauty in the world of doll-making.

Briscoe Outlines Water Needs

BY JUPITER

Water needs are an important issue in the region, as observed by Mr. Briscoe. The demand for fresh water is high, especially during the summer months, when it is needed for agriculture, domestic use, and the environment. The challenge is to meet the demand without depleting our water resources.

On Hazardous Items

Refund Mandatory

The regulation on hazardous items is strictly enforced. Any item identified as hazardous must be returned immediately. Failure to do so will result in mandatory refund. This policy is in place to ensure public safety and prevent the spread of hazardous materials.

IF YOU'RE PLANNING TO BUY CENTRAL AIR CONDITIONING,

El All-Sports Banquet

Slated May 7

We think gas air conditioning is your best buy.

Gas air conditioning offers several advantages over electric systems. Gas units are efficient, providing cool air without the high electricity costs. They also require less maintenance and have a longer lifespan.
