Lawmen Make Arrests
For Rape, Burglary, Forgery

Pineola County has witnessed its first arrests in the past week after investigators from the Pineola County Sheriff’s Office and the Texas Department of Public Safety’s Criminal Investigation Division (CID) worked closely on the case. The suspects are charged with rape, burglary, and forgery.

The investigation began after multiple victims came forward reporting incidents. The victims, who were all women, accused the suspects of raping them while they were under the influence of alcohol or drugs. The suspects, who are all residents of Pineola County, were arrested on various charges related to the incidents.

Sheriff John Smith said that the investigation was challenging due to the sensitive nature of the crimes involved. "We take these cases very seriously," he said. "We want to ensure that the victims are given a sense of justice and that the perpetrators face the consequences of their actions.

The suspects will be arraigned in the near future, and the trial date will be set by the court. In the meantime, the victims will be provided with counseling services and legal representation as needed.

The purpose of the fee is to cover the costs associated with the issuance of the tax certificates. The fee will be charged regardless of whether the property is sold or leased.
