PLAGIDITY

"We all know it’s true that people who steal is what you can call ‘em, but we’re all just human beings and we all make mistakes."

"The idea of trying to make problems seem smaller than they are is a common one. But when you’re dealing with people and their feelings, it’s important to be honest and straightforward."

“My Mom lives way out in the country, so we need a car that’ll take a lot of driving, but not a lot of gas.”

“The family sized Delta 88 Royale is built to take a lot of miles and give good gas mileage. And it’ll take you in style and comfort, too.”

“We drive down to the ocean a lot. So we were thinking about stepping down to an import to save gas.”

Omega Salon is a roomy compact; that’s easy on gas — yet it’s equipped to give you the kind of comforts you’d get in a little touring car.

Delta 88 has been known to be a tough car. Built for the distance. But it’s built to have distance from every gallon of gas. With two required maintenance oil that don’t tax your purse. Delta has recharged the competitive market. And now the鸭嘴兽 of 4-door models, it’s not just Blazer.

Past. Delta improved the basic, low-price Omega by ’72. The result was an impressive, compact-sized car to take you farther and more lavishly on a mile of gas, it’s not just Blazer.
