Lake Board Candidates Interviewed

The candidates for the Lake Palestine Board were in the spotlight recently as the Fairfield County Chamber of Commerce held a forum for the candidates to discuss their platforms and answer questions from the public.

Each candidate was given the opportunity to speak for five minutes, followed by a question-and-answer session. The forum was attended by several members of the community, including business owners, residents, and Chamber members.

The candidates discussed a range of topics, including water management, conservation, and the importance of maintaining a clean and healthy lake ecosystem. One candidate highlighted the need for better communication between the lake board and the public, while another emphasized the importance of protecting the lake from pollution.

Overall, the forum provided an informative and engaging discussion about the role of the lake board in the Fairfield County community. The candidates’ answers demonstrated their commitment to serving the community and their understanding of the issues facing the lake board.
