City To Provide Landfill

City and County officials have reached an agreement that will direct construction of a landfill in Panola County. The agreement, which is still subject to the approval of the Panola County Commissioners Court, will provide that the city of Carthage will construct and operate the landfill, while the county will provide the necessary permits and oversight. The landfill will be located on a 40-acre site near Carthage, and it is expected to be operational by the end of the year. This agreement will help alleviate the city's current waste disposal problems and reduce the amount of waste sent to landfills outside the county.
Six Mishaps Investigated

A number of incidents that occurred in the area are under investigation by local police. A,

Corley Is Recaptured

Continued From Page 10

Local Civil War Battle

A local Civil War re-enactment will be held on Sun. in Juarez, Texas, as a part of the 100th anniversary celebration of the battle. This battle, fought in 1861, was one of the first major engagements of the Civil War. The re-enactment will feature historical reenactors dressed in period clothing, weapons, and equipment. The event is open to the public and is expected to attract a large crowd.

Corley Is Recaptured

John Corley, a notorious cowboy killer, was recaptured after a months-long manhunt. He was last seen in the area of the recently re-enacted Civil War battle.
