LET'S KEEP THE 55,000 TAX EXEMPTION FOR OUR ELDERLY CITIZENS VOTE APRIL 22

RUMOR:
All of our elderly residents are destitute, living on fixed incomes in a world of runaway inflation with no hope for economic relief.

FACT:
Only 99 of the elderly residents in Panola County even had to pay any taxes at all last year after the $500 tax exemption went into effect. The average paid by those residents was only 99 cents! And remember for an apartment with homesteads.

Bridge Club Still Alive

Daily Times, Carthage, Texas, Dec. 22, 1976

By Jim Nelson

The Bridge Club, located in the back of the Carthage Hotel, has been in existence since 1941, and its members are ranging in age from 23 to 92. It was started by Miss Vanderpool and Miss Starnes. The club is open to all who enjoy the pastime of bridge and have a desire to get to know a number of new acquaintances. There is no charge for playing or for eating, and there is always a rest room and coffee provided. The nature of the game is both serious and light-hearted. A recent game was won at the hands of Mrs. daughter, who waschosen as the winner because of her skill and good humor. The Bridge Club has just undergone a complete remodel and it is now open and ready for business. It is open every Tuesday from 10:00 am to 12:00 pm. It is located at the back of the Carthage Hotel. It is a great place to meet and play bridge.

RUMOR:
All of Panola County's elderly residents have financial assistance that would be provided through an increased homestead tax exemption.

FACT:
There are many Panola County residents who are over 65 but are not financially able to pay reasonable taxes. The increased tax exemption would be helping the elderly residents who really need help have gotten it with the tax exemption.
