Only Three Ride New Mini Bus In First Week

The judge could not explain one of the new bus services in full detail, but he said it would be of great value in the city. The judge was accompanied by three other judges and a police officer. The judge said that he had visited the city several times and that he believed the new service would be of great benefit.

The judge added that the service would take advantage of a new system of transportation, which would improve the traffic flow in the city. He said that the city had a new system of traffic control, which would help to reduce the number of accidents.

The transportation system, which is called the "Easy-Ride," was installed by the city and is operated by the city. The system consists of a network of tunnels and roads that connect different parts of the city. The judge said that the system was designed to be safe and efficient, and that it would help to reduce the number of accidents.

The judge added that the system was under construction and would be completed within the next few weeks. He said that the system would be open to the public and that it would be available to all residents of the city.

The judge said that the transportation system was the result of the efforts of the city's elected officials and that it was designed to be a model for other cities to follow. He said that the city was proud of its accomplishments and that it would continue to work to improve the transportation system.

The judge added that the transportation system was an important part of the city's overall development plan and that it would help to attract new businesses and residents to the city. He said that the city was committed to improving the transportation system and that it would continue to work to make it better.
Local Residents Paying $496 Each For Govt.

For residents of Carthage, it's a story of high taxes and low government services. The city has been hit by a series of budget cuts, leading to reduced services and increased property taxes. The 20% off clearance sale at Bealls is a great opportunity to find deals on summer clothing and home furnishings. Bealls further reductions in Bealls summer shoe sale.

Everyone is invited to the DeBerry Community Center for the Lawless Reunion on June 25. The event will feature refreshments, a BBQ dinner, and entertainment. More details will be announced as the date approaches.

Luncheon Honors Beckville Retirees

The Beckville Chamber of Commerce will host a luncheon on June 21 to honor its retirees. The event will feature a keynote speech by a former retiree and an opportunity for alumni to share their memories.

LONG BRANCH VISITING TOPICS

Bentsen Supports Rural Development

Former Texas Governor Mark White recently announced his endorsement of United States Senator John Cornyn for re-election. White, a former governor and former secretary of state, has long been an advocate for rural development and has expressed support for Cornyn's efforts to improve the quality of life for rural Texans.
