**Subdivider To Pay For Sewer, Water**

Unless there were some changes made, subdivision developer would be on the verge of starting the full cost of laying sewers and water lines for the future residents of the community.

The subdivision is required to pay all costs of laying sewers and water lines for the future residents of the community.

The council took the matter to the penis, the City Council, and the subdivision developer to pay the costs of laying sewers and water lines for the future residents of the community.

The council took the matter to the penis, the City Council, and the subdivision developer to pay the costs of laying sewers and water lines for the future residents of the community.

Under current practice over the past few years, some each month would have been

**Redistricting Needed**

But Not Due To Discrimination

County Judge Dean Rinehart has said that the current redistricting plan in the county is not being considered as a result of the current political climate.

The county judge has said that the current redistricting plan in the county is not being considered as a result of the current political climate.

The county judge has said that the current redistricting plan in the county is not being considered as a result of the current political climate.

Water Problem Resolved Without Expected Problem

A potentially explosive emergency meeting of the City Council was held Thursday night to discuss the water problem that has been plaguing the city for several months.

The council met to discuss the water problem that has been plaguing the city for several months.

**Things of Interest**

It was a lot rougher in the old days.

By Jack Murray

A. R. "Red" Rice was a Carthage resident for many years until he moved to Austin last fall. An outstanding teacher of science at Carthage schools for many years, Red's stories are always interesting and filled with historical facts. He is the author of a book entitled "Carthage Through the Years," which he wrote while living in Austin last fall.

discipline is an important element in the growth and development of a child. It is the foundation upon which all other skills are built.

Is the Bible Relevant?

Background Scripture: "Psalm 85:3, 10:8-11, 110:5, 111:10.

Merry Christmas: Whenever things were noticed in the presence of the Lord, there was joy and comfort at the thought of angels being near the angels."---James 4:7

Thursday, December 10, 1970

DEVOOTIONAL

Is the Bible relevant today? We are frequently asked, if so, is it as relevant to our lives as it was to those who lived in Biblical times? Is the Bible a Book for the contemporary man, or is it more of a historical document?

The answer is yes.

In the Bible, we find the reasons why we are alive, and how we should live. It tells us of the love and power of God, and of the need for faith. It is a guidebook for us to follow on our journey through life, and it is a source of comfort to us when we are in need.
