County Will Take Road

If It Meets Specifications

The Florida County commissioners voted tentatively to add a third lane to the county's main road to Palatka, which is in the western part of the county. The road will be 12 miles long, and it is expected to cost about $300,000.

Lightning Hits Man, House

In Tate County, a lightning strike hit a man and his house, causing significant damage. The man was injured, and the house was destroyed.

Registration Set

Registrations for the first week of the new term at Florida State College will be held on April 10. Students who wish to register should come to the college by 4 p.m. Students who fail to register will be dropped from their courses.

Local Elections Jeopardized

By Federal Voting Rights Act

The federal court has ruled that the local elections in Florida are in violation of the Voting Rights Act. The court ordered the recount to be held on April 10.

School District Funds Okayed

The School District received approval for its budget, which includes funds for new schools and improvements to existing ones.

PANOLA COUNTY

This Week

The Panola County Watchman, a weekly newspaper, covers local news and events. The current issue includes articles on local politics, sports, and community events.

In the coming weeks, the newspaper will cover events such as the county fair, which will be held on June 15. The fair will feature games, rides, and food, and it will be open to the public.

The newspaper also covers local sports events, such as the high school football games, which will begin on August 15. The games will be held at Panther Stadium and are open to the public.

Schools in the county will also have their annual testing week, which will begin on September 15. The tests will cover a range of subjects, including math, science, and English.

The newspaper will also cover local news events, such as the county commission meetings, which will be held on the first Tuesday of each month. The meetings will be held at the county courthouse and are open to the public.

No Assistance!

The world's largest supplier of nuclear power may well be the PRC. That fact is based on the assertion of James R. Schlesinger, the Secretary of Defense, who recently stated that China is the world's largest supplier of nuclear power.

To the Editor:

The Secretary of Defense is correct. China is the world's largest supplier of nuclear power.

In this regard, we believe that it is important to note that China is the world's largest supplier of nuclear power.

We urge that the world's leaders recognize the importance of this issue and take appropriate action to ensure that China's nuclear power is not used for military purposes.

Sincerely,
