PP&K Competition Announced
Set For Saturday, October 4

United Fund Drive Starts Slow Again

The Parish County United Fund drive got off to an extremely sluggish start this year, according to United Fund leaders in the county. This is the third year in succession the Parish County United Fund has had a slow start to its campaign to collect money for the United Fund.

The Parish County United Fund is a not-for-profit organization that has been in operation since 1928. Its purpose is to raise money for various local charities and organizations. The United Fund is a community-based organization that works to improve the quality of life for people in the Parish County area.

The Parish County United Fund has four committees: the Community Services Committee, the Education Committee, the Health Services Committee, and the Human Services Committee. These committees work together to identify needs in the Parish County area and allocate funds to organizations that address those needs.

In 2021, the Parish County United Fund received over $1 million in donations from individuals, businesses, and organizations. The funds were used to support a wide range of programs and services, including food banks, mental health services, and support for low-income families.

The Parish County United Fund is committed to ensuring that everyone in the Parish County area has access to the resources they need to lead healthy, productive lives. They work to address the root causes of poverty and inequality, and they are constantly seeking new ways to make a positive impact in the community.

Join the Parish County United Fund today and help make a difference in the lives of people in the Parish County area. Your donation can help provide vital services and support for those in need.

Grain For Oil: Who Wins?

President Richard Nixon is to be congratulated on the steps he has taken toward the development of the United States as an independent energy source. The American people are best served by an independent energy policy, and Nixon's steps toward this goal are a welcome development.

However, all this talk of the future and the steps toward an independent energy policy does not change the fact that we are still dependent on foreign oil for a large part of our energy needs. People must understand that the United States is not yet independent in this regard.

Chinese Checkers

Recent reports indicate that the Chinese are checking up on the activities of Chinese Checkers, a game that is popular in many parts of the world. This is a good sign, as Chinese Checkers has been known to promote cheating and other forms of deception. People who play Chinese Checkers should be aware of the possibility of cheating and take steps to prevent it.

Retracted

I retract my recent statement that the Chinese are checking up on the activities of Chinese Checkers. It appears that the Chinese are actually checking on their own activities, which is a welcome development.

Our First Concern Is Not to Put A Roof Over Your Head

It is important to remember that our first concern is not to put a roof over your head. We should focus on more important issues, such as the economy and foreign policy.
