Firemen Gain Support From Commissioners Court

As the first anniversary of the East View Fire Department’s incorporation approaches, interest in eliminating the special tax for fire protection in the city continues to grow. The local firemen are making a strong effort to gain the support of the county commissioners in order to widen the tax base and reduce the tax burden on the residents of the city.

On the opening day of the commissioners court meeting on Tuesday, the firemen presented a petition to the county officials, asking for a five-cent tax increase on the county’s residents to help finance the fire department. The petition was signed by a number of city residents and was presented by the firemen’s president, John Smith.

The commissioners, after some discussion, agreed to consider the request and referred the matter to a special committee for further study. The committee will report back to the commissioners at the next meeting, which is scheduled for next Tuesday.

Local residents have expressed support for the firemen’s request, saying that they believe the city is in need of more fire protection and that a five-cent tax increase is a reasonable solution.

B’ville Woman Dies in Head-On Crash

A woman from B’ville died in a head-on crash on Monday night. According to reports, the woman was driving on the B’ville Highway when she collided with another vehicle coming in the opposite direction. Both drivers were reportedly killed in the accident.

The accident occurred on the B’ville Highway, near the intersection with the B’ville Road. Emergency services were called to the scene and both drivers were pronounced dead on arrival. The identities of the drivers have not been released at this time.

New Card Needed for Next Election

Qualified Panola County voters who have not renewed their vehicle registration cards should take note of the upcoming election. Voters who fail to renew their vehicle registration cards by the deadline will not be allowed to vote in the upcoming election.

According to the Texas Motor Vehicles Department, all vehicle registration cards must be renewed every two years. Voters who fail to renew their cards will not be allowed to vote in the upcoming election. The deadline for renewal is the end of the month in which the election is held.

A reminder to voters is that if they do not renew their cards by the deadline, they will not be allowed to vote in the upcoming election. The deadline for renewal is the end of the month in which the election is held.

Bus Schedule Altered Again

The Panola County Transportation District has altered its bus schedule once again. The changes in the schedule are due to the increased demand for bus service in the county.

The new schedule will take effect on Monday, and the full list of changes can be found on the district’s website. The district has also announced that it will be increasing the number of buses on certain routes to meet the increased demand.

Panola County Transportation District will be offering free rides to all riders who present a valid ID. The district has also announced that it will be increasing the number of buses on certain routes to meet the increased demand.

City Election Slated

City Commission is organizing an election for city officials, including mayor and city council members. The election will be held on the first Tuesday of the month in November.

The election will be held on the first Tuesday of the month in November. The city council members will be elected to four-year terms, beginning on the first Tuesday in January following the election.

An American Legion Post in Alba is planning a Centennial celebration for August 16-17. The celebration will include a parade, fireworks, and a large picnic.

Cattle Outlook Still Muddled

The cattle industry still faces a dilemma as it struggles to recover from a series of setbacks that have affected its profitability. The beef market remains volatile as beef prices fluctuate in response to changing demand and supply conditions. Producers and processors continue to grapple with challenges including feed costs, disease outbreaks, and trade uncertainties. The industry is hopeful for a rebound, but the path forward is uncertain.

**VIEWPOINT**

**Recovery Road**

There will be a lot of people in recovery this holiday season. Many will be struggling to overcome addictions, both new and old. It's a time when the pressures of life can often overwhelm us, leading to substance use as a coping mechanism. As we approach this holiday season, let's remember to show compassion and support to those who are in recovery. Together, we can create a safer, healthier environment for all.

**SENSING THE NEWS**

**Efficient Government**

This holiday season, let's support efficient government. By reducing bureaucracy, streamlining processes, and prioritizing public service, we can create a more effective and responsive government. This will not only save money but also improve the quality of life for all citizens. Let's work together to make government more efficient and transparent.

**BOOBY TRAPS**

The winter season brings with it many dangers, including booby traps. It's important to be aware of potential hazards and take necessary precautions to ensure our safety. From slippery surfaces to hidden obstacles, being vigilant can help prevent accidents and injuries. Let's stay safe and healthy this holiday season.

**OPINION ★ FEATURES ★ Editorials**

**Budget Bounce**

Veggie the budget hole... if it doesn't bounce the economy on a happy-go-lucky note, it may be a downer. The budget deficit is huge and growing, and we need to find a way to balance the books. This will not only help the economy but also ensure long-term fiscal responsibility. Let's work together to address this critical issue.

Claims Waiver A Must For Scabies Treatment

The widespread occurrence of scabies can be prevented in most homes by using a "front-loading" automatic washer and dryer, according to a report by the Health, Education, and Welfare Department.

The department has been receiving numerous reports of a skin condition known as "scam," which is caused by a highly contagious mite that burrows into the skin and causes itching and irritation.

The mite is highly resistant to many of the common over-the-counter medications used to treat scabies, and the department urges people to seek medical attention if they suspect they have the condition.

Fur Trapping Regains Popularity

The fur trapping industry has seen a resurgence in popularity in recent years, with demand for fur products increasing due to the growing awareness of sustainability and conservation.

Many consumers are choosing fur products over synthetic alternatives, and the industry is adapting to meet this demand by using more sustainable practices and focusing on sourcing natural materials.
