Legal Authority Doubted
In Citing 'Lake Use Fee' Violators

The authority of Fannin County Fresh Water District to Lake Palestine to impose "Lake Use Fees" on boaters in the district's Lake Palestine has been questioned during a recent meeting of the Lake Palestine Water Director Bobby Phillips. Mr. Phillips, a resident of the lake, attended the meeting and said he failed to understand that the fees were supposed to be collected by himself and his neighbors. He added that he had never heard of the fees before and was surprised that they were being collected for the first time. After hearing the explanation from the district's attorney and receiving the go-ahead from the district's board, Phillips said he would continue to collect the fees and would inform his neighbors about the new policy. Phillips also expressed concern about the possibility of the district's fees being used to fund other projects, such as the construction of a new boat ramp, which he believed would benefit the entire community and not just those who use the lake.-----
