Some Civil Rights Ridiculous

Between
The Lines

By Joe Morrisson

A lot of people are talking about the civil rights movement these days. It's a big issue, and it's important that we all understand what's going on. The movement is about more than just black and white issues. It's about recognizing the humanity of all people, and standing up against injustice. Everyone has a role to play, and we all have a responsibility to act. Whether it's through voting, or speaking out, or just being a good citizen, we can all make a difference. It's important that we support each other, and work together to create a better world.
