Deserved Praise

We need construction in the city of Carthage, as a matter of fact, throughout the entire county. There has been too much talk about the city without doing anything. We need new roads, new sidewalks, new buildings, and new businesses. We need a new library, a new community center, and a new park. We need a new hospital, a new school, and a new jail. We need a new water system, a new sewer system, and a new power system. We need a new police force, a new fire department, and a new public safety department. We need a new airport, a new highway, and a new bridge. We need a new economy, a new industry, and a new future. We need a new hope, a new vision, and a new dream. We need a new beginning, a new era, and a new age. We need a new life, a new love, and a new faith. We need a new creation, a new cosmos, and a new universe. We need a new universe, a new cosmos, and a new creation.

**Chlordane Recommended For Control Of Fire Ant**

The familiar name in the fight against fire ants is Chlordane. This powerful pesticide has been approved by the federal government for use by homeowners and small farmers. It is available at your local garden center or hardware store. Chlordane works by killing the ants at their colony, thus preventing their spread. It is safe for use around children and pets when applied according to instructions. However, it is important to follow the label instructions carefully to avoid exposure to the poison.
