Counter Checks Being Cancelled

Local Banks Make Joint Announcement

Counter checks have been an unfortunate feature of banking life for some years. It is a well-known human trait, but our banks at Farmers and Merchants Bank and the First State Bank and Trust Company have been коnonizing the problem for a year now and have finally come to the conclusion that counter checks must be eliminated.

A recent study of the problem by the two banks indicates that counter checks are an unnecessary expense to the banks, as well as an inconvenience to the customer. The banks have found that the use of counter checks is a waste of time for both the bank and the customer. The banks have also found that the use of counter checks is a source of error, as it is not always easy to determine whether a check is genuine or not.

The banks are now making a joint announcement that they will no longer use counter checks. The banks have also decided to phase out the use of counter checks by the end of the year.

Good Turnout Forecast

For General Election Here

The Panola County election will be held today, and a large number of people are expected to vote. The two candidates for county judge, John Daily and James McLeod, are expected to have a close race.

The weather is expected to be fair, and the turnout is expected to be good. The polls will be open from 7:00 a.m. to 7:00 p.m.

Ten Earn New Bikes

The Panola County Bicycle Club, which has been active in the area for several years, announced today that ten new members have been accepted into the club. The new members have been selected based on their interest in cycling and their ability to participate in the club's activities.

The club also announced that a new bicycle has been purchased for the club's use. The bicycle was purchased through a grant from the local government.

Weather

The Panola County weather is expected to be fair today, with temperatures ranging from 50 to 60 degrees. The winds are expected to be light, and there is a small chance of rain in the afternoon.

Clean-Up Program Term A Success

The Panola County Clean-Up Program has been a great success. The program, which began in early spring, has resulted in the cleaning up of many areas in the county. The program was funded by the local government and was coordinated by the county's environmental department.

The program has been well-received by the community, and many people have volunteered to help with the cleaning up.

Weather

The Panola County weather is expected to be fair today, with temperatures ranging from 50 to 60 degrees. The winds are expected to be light, and there is a small chance of rain in the afternoon.
OPINION * FEATURES
Editorials

Civil Defense

The Central States harmonious celebration is wrapping up festivities that left a lasting impression on the participants. The event was a pleasure to behold, showcasing the very best of our community. The organizers did an outstanding job of pulling together a spectacle that will be remembered for years to come. We commend them on their efforts.

Bad News

The recent report on the state of the economy has caused much concern. The unemployment rate continues to rise, and the number of people living below the poverty line is growing. We must take action to address these issues and ensure a brighter future for all.

Watch Out For Kids

With winter weather here, many citizens will be thinking about being prepared for the cold, especially during times of emergencies. As a reminder, local officials urge residents to be prepared with supplies, be aware of weather forecasts, and have a plan in place. These steps can help ensure safety and prevent unnecessary delays. In case of severe weather, it is recommended to stay informed and follow official guidance. By being prepared, individuals can protect themselves and their loved ones during potentially challenging conditions.
