Texas Taxes

By WEX HOLLAND, State Comptroller

TAXES are an equalizer. Taxes are an equalizer. Taxes are an equalizer. Let's face it, everyone has to pay taxes. But what about us? I guess we're not the equalizer.

Texas is the most progressive state in the union. We lead the way in everything from education to transportation. We have the best roads, the best schools, the best hospitals, the best... well, I mean, we have the best... oh, you know what I mean.

The state of Texas has been a leader in the fight against taxes. We've been pushing for tax relief for years, and we've made some great progress. But there's always more work to be done.

A recent study by the Texas Taxpayers Coalition found that Texas is second only to Virginia in terms of tax burden on its citizens. That's 2nd place to Virginia. That's not good enough.

We need to continue to fight for tax relief. We need to keep pushing for lower taxes. We need to make sure that everyone in Texas is treated fairly when it comes to taxes.

We need to make sure that our hard-earned dollars are going where they're supposed to be. We need to make sure that our taxes are being used to improve our state, not line the pockets of politicians.

So let's keep fighting for tax relief. Let's keep pushing for lower taxes. Let's make sure that Texas is the best state in the union, not just in terms of progress, but in terms of taxes as well.

Bound To Seek Precinct 4 Spot

By WEX HOLLAND, State Comptroller

The race for Precinct 4 is heating up. With incumbent John Smith running for re-election, there are several candidates vying for the seat.

Candidate A is a former city council member, known for his work in the community. Candidate B is a retired military officer, with a strong record of service.

Candidate C is a local business owner, with a background in finance and a commitment to fiscal responsibility. And then there's Candidate D, who has never run for office before, but brings a fresh perspective to the race.

Whoever wins the race will be making decisions that affect our community. We need someone who understands the needs of Precinct 4 and will work to address them.

So let's make sure we vote. Let's make sure we choose the best candidate for the job. Let's make sure that we, as a community, have a voice in our local government.
