County Shows Its Heart
Contributes Heavily For Tommy Maxey

Panola County shows its big heart this weekend when dozens of families in Carthage and neighboring towns to Tommy Maxey, a local young man fighting a life-threatening illness. Many families turned out in force to raise funds and awareness for Maxey's cause.

Several families hosted bake sales and raffles, with all proceeds going to help cover Maxey's medical expenses. Some families held benefit concerts or silent auctions. One family even organized a car wash, where they sold lemonade and cookies to raise additional funds.

Maxey himself, despite his condition, was in attendance at the events, thanking everyone for their support. "I can't thank you all enough," he said. "I'm feeling much better now, and I know we can help Maxey through this difficult time."
In Friday Raid Near Gary
Bank Robbery Suspects Arrested

Bank robbers were arrested in a Friday morning raid near Gary. The suspects were caught as they attempted to escape after robbing a local bank.

Out Of The Past

The Family Watchman

JOSEPH J. SMITH, JR.

The bank robbery in Gary on Friday was a significant event for the community. The suspects were caught by police officers who arrived on the scene shortly after the crime was reported. The bank was closed at the time of the robbery, and the suspects were identified as two men who had entered the bank and demanded money.

The New Rules

The bank robbery in Gary on Friday was a significant event for the community. The suspects were caught by police officers who arrived on the scene shortly after the crime was reported. The bank was closed at the time of the robbery, and the suspects were identified as two men who had entered the bank and demanded money.

In Gary, a community of about 15,000 people, the robbery caused widespread concern and a sense of unease. The local police department said that they had received multiple calls from concerned citizens who had witnessed the robbery.

The community is awaiting further details on the investigation into the bank robbery. Meanwhile, the bank has resumed its regular operations, and the suspect's motives are still unknown.

SHOP CARThAGE FOR CHRISTMAS

WHY SHOULD YOU SHOP AT HOME?

1. When you shop out of town the sales tax you pay goes to that city... NOT CARThAGE. Why should you pay for another city to prosper at your hometown's expense.

2. The money you spend turns over 8 times before it leaves the county. This is important because if you work here, this money comes back to you in salaries etc.

3. It costs you money to go out of town to shop. Fuel costs have risen!

4. By shopping at home you reduce the chances of auto accidents due to holiday travelers and increases in traffic flow!

Fathers Are Classified

The term "father" has evolved over time, reflecting societal changes and advancements. With the rise of motherhood as a respected profession and the growing number of stay-at-home fathers, the definition of a father has expanded. Men who choose to stay home, often referred to as stay-at-home dads, are now considered fathers in the traditional sense. The trend towards gender equality has also influenced the role of fathers, making them more involved in childcare and household responsibilities. This has led to a new classification of fathers, emphasizing their active and equal partnership in parenthood. The classification of fathers continues to evolve, reflecting the ever-changing dynamics of family roles and responsibilities.

Cut Winter Costs; Cull Cattle Herds

The winter season can be a challenging time for farmers and ranchers, particularly for those who rely on livestock for their livelihood. Winter months often bring colder temperatures and shorter days, which can impact the health and productivity of cattle. To prepare for the winter season, farmers and ranchers need to take proactive measures to ensure the well-being of their herds. Cutting back on the number of livestock can be an effective strategy to reduce expenses and conserve resources. By culling the herd, farmers can focus their efforts on the most productive animals, thereby maximizing their profits and minimizing their costs. This approach not only helps in managing the financial burden of winter but also sets the stage for a successful spring and summer season. The key is to make informed decisions based on the individual needs and circumstances of each farm or ranch, taking into consideration factors such as feed availability, weather conditions, and the overall health of the herd.

Briscoe Blasts Federal Price Controls

Briscoe Blasts Federal Price Controls

By the Editors of the Panola Watchman

Richard Briscoe, long-time Democrat and leader of the Panola County Democratic Party, has blasted the price controls imposed by the Federal Government against the local agricultural community. In a letter to the editor, Briscoe wrote, "I am appalled at the current prices being paid for our agricultural products. The government is putting a damper on our economy and it is time for us to stand up and be counted." Briscoe also noted that the prices for agricultural products were greatly reduced due to the government's price controls and that this was having a negative impact on the local economy.

Embezzeler’s Name Still Being Withheld

By Jim Brown

The name of the embezzeler who stole over $100,000 from a local bank has not yet been released by police. The embezzeler, who has been on the run for several weeks, is believed to be living in a remote area of the county. The police are still searching for the suspect and have not ruled out the possibility of a double or triple cross.

Super’s Contract Extended For Two Years

By John Smith

The contract for Super Food Stores has been extended for two more years, according to a recent announcement by the company. The extension is said to be in response to the growing demand for quality food products in the local area. The company has also stated that they are looking to expand their operations to include more supermarkets in the area.

Mrs. Crawford Begins 75-Year Prison Sentence

By Jane Doe

Mrs. Crawford, a former employee of the local hospital, has been sentenced to 75 years in prison for embezzlement. The judge in the case ruled that Mrs. Crawford had stolen over $250,000 from the hospital over a period of several years. The judge also stated that Mrs. Crawford had shown a lack of remorse for her actions and that a 75-year sentence was necessary to deter others from committing similar crimes.
