Man killed in accident on U. S. 59

A boy, 16, was killed in a car accident on U. S. 59 near Palestine on Saturday, March 4th. According to the Texas Department of Public Safety, the accident occurred at 7:30 a.m., when a pickup truck collided with a car driven by the boy. Both vehicles were traveling southbound on U. S. 59.

The boy, who was the driver of the pickup truck, was pronounced dead at the scene. The driver of the car was taken to a local hospital with non-life-threatening injuries.

The accident is under investigation by the Texas Department of Public Safety. Anyone with information about the accident is encouraged to contact the department.

Local elections

Filing deadline nearing

For local elections, the filing deadline is approaching. Candidates have until March 17th to file for the upcoming election. To file, candidates must submit a petition with the proper number of signatures, which vary by office.

Board okays bid on lighting

The Board of Trustees for the Panola College District has approved a bid for a project to improve the lighting at the campus. The project includes the installation of new lighting fixtures along the walkways.

Commission to act on refund request

The Panola College Board of Trustees will act on a request for a refund of tuition and fees paid by a student who withdrew from the college. The request was filed by the student and is currently under review.

Cattlemen vote down referendum

At the recent meeting of the Panola County Cattlemen's Association, the members voted against a referendum that would have increased the sales tax to fund education and healthcare.

Cattlemen have been advocating for a sales tax increase for several years, citing the need for additional funding. The referendum was opposed by the majority of the cattlemen, who argued that the additional tax would be burdensome.

The referendum will now be put to a vote in the next election, with the cattlemen planning to work for its passage.

Beckville fire

Volunteers from Beekville and Carthage fire departments arrived to a burning barn in Beekville. The fire was caused by an overheated electrical device. No injuries were reported.

Fire destroys Beckville barn in downtown

A barn owned by the Beckville Community Center was destroyed by fire on Saturday, March 18th. The fire, which began in the early evening, quickly spread to the surrounding area, causing extensive damage.

The barn, which was built in the 1930s, housed a number of community events and activities. The cause of the fire is under investigation.

Panola College's new campus

Panola College's new campus is moving forward. The college has received approval for a new building to be constructed on the campus.

The new building will house classrooms and administrative offices. The project is expected to be completed by the fall of this year.

Blank checks

People think blank checks are good for their banking. And they are. But they are not as good for their health. The President of the United States has said that the government should not have to print four times as much money as it needs to pay its bills. This is true. Blank checks make the government overspend. The government should be careful with its money. It should not spend more than it needs to. The government should not print four times as much money as it needs to pay its bills. Blank checks are not good for the country.

Your Social Security

The question of whether Social Security is as good for its citizens as it should be is a matter of much debate. The government is spending more money on Social Security than it should. The government should not spend as much money on Social Security as it is. The government should be careful with its money. The government should not spend more than it needs to. Blank checks are not good for the country.

Cyclops of the living room

By Mike Kelley

I'm sure that when we get the mail sent out, this will all come as an eye opener. Right, Mike?

I now we've run into a little bit of a problem where you've not been as well informed as the periods of the test.

I'm sure that when we get the mail sent out, this will all come as an eye opener.

I'm sure that when we get the mail sent out, this will all come as an eye opener. Right, Mike?

Get out of those letters, you're making me nervous.

Chemical warfare

It's not a toy, only the first step in an American tradition. It's better known as '72, which is the American tradition of chemical warfare. The American tradition of chemical warfare is not a toy. It's better known as '72. The American tradition of chemical warfare is not a toy. The American tradition of chemical warfare is not a toy. The American tradition of chemical warfare is not a toy.

VOLUNTEERS RECYCLE DONATIONS

Service League project
Volunteers recycle donations

Currently serving lobbies to the goal of the Thrift Shop and other community projects, the volunteers of the South Texas Women's Service League who mentor little girls to "remember" names and dates and who read stories about women who have accomplished something for their country, are the beneficiaries of this "store." The South Texas Women's Service League was organized in 1985 and has since grown to include over 150 members. The goal of the League is to raise money for local charitable organizations by selling goods collected from around the community. The goal this year is to raise $50,000. With the help of volunteers, the Thrift Shop is able to sell items such as clothing, books, and other items to benefit local agencies. The volunteers are the heart of the Thrift Shop and are responsible for organizing, pricing, and selling the items. The proceeds from the sales go to support local agencies and help to improve the quality of life for those in need. The Thrift Shop is open every Saturday from 10:00 a.m. to 2:00 p.m. and is located at 123 Main Street. We encourage you to visit and support the Thrift Shop and the South Texas Women's Service League. Together we can make a difference in the lives of others.
