A dirty business

In the last week, several newspaper stories have highlighted the issue of dirty business practices in the food industry. Recent reports have revealed that some companies are using hazardous chemicals to preserve food, leading to health concerns among consumers. This unethical behavior not only undermines consumer trust but also has substantial environmental impacts. It is crucial that regulatory bodies take decisive action to ensure the safety and sustainability of our food supply.

Tail end of a campaign

The final days of a campaign can be exhausting, yet crucial. Candidates are often seen crisscrossing the state, engaging with voters, and trying to make their case. It is a time of intense activity, where every contact counts. The key is to stay consistent, be enthusiastic, and maintain a positive attitude. This can make all the difference in winning the vote.

Your Social Security

By John St. John

Social Security is a vital program that provides retirement, disability, and survivor benefits to millions of Americans. Understanding how it works and planning for its use can be complex. It’s important to educate oneself about the program, including eligibility criteria, benefit amounts, and the factors that affect retirement payments.

Know Your Heritage

By Leslie D. Ferranza

Preserving and learning about our heritage is crucial for maintaining cultural identity. It involves recognizing and understanding the contributions of past generations. This can be achieved through storytelling, celebrating traditions, and engaging with historical resources. Educating the younger generation about their roots is essential for fostering a sense of belonging and pride.

Losses could be tax deductible

The recently passed tax bill includes provisions that could allow for more deductions on losses. This is beneficial for businesses and individuals who have incurred losses in the past year. It’s important to consult with a tax professional to ensure compliance with the new regulations. This can help maximize potential tax savings.
