Suspects elude hunt

Despite the massive show of state, federal, and local law enforcement on the Texas-Indian border last week, three suspects wanted for the alleged murder of a Border Patrol agent here last month remain on the run.

Officer John Border was shot Jan. 11 when a group of men walked over his patrol area and into the woods, where the agent was murdered.

The suspects are believed to be members of the Sanchez family of Mesa, Ariz.

Increased patrols begin on two county highways

Panola County authorities have stepped up law enforcement patrols on two county highways, after an increase in break-ins was reported.

The board approved a motion to increase patrols on County Road 252, which runs from the Panola County Hospital to the town of Orange. The highway was closed for 2 hours last week after a group of people were spotted on the road.

CISD board sets hearing for Odell

The CISD board has set a hearing date for a complaint filed against Odell Elementary School, which is located near the Panola County Hospital.

From county government

Hospital seeks capital funds

Panola County authorities have asked the state for capital funds to upgrade the hospital here. The hospital has been in operation for over 50 years and is currently unable to meet the needs of the community.

Personnel plans okayed

The hospital's personnel plans have been approved, allowing for the hiring of additional staff to meet the needs of the community.

Shutdown starting for Tenaha gas line

Tenaha city officials have announced that the gas line will be shut down for maintenance. The line is used to supply gas to homes and businesses in the area.

This Week

Panola County authorities have announced that they will be increasing law enforcement patrols on two county highways. The increase is in response to an increase in break-ins reported in the area.

Panola County authorities have also asked the state for capital funds to upgrade the hospital. The hospital has been in operation for over 50 years and is currently unable to meet the needs of the community.

Personnel plans have been approved, allowing for the hiring of additional staff to meet the needs of the community.

The hospital's gas line will be shut down for maintenance. The line is used to supply gas to homes and businesses in the area.

Terrorist fears

Given the volatility and the threat posed by extremist groups, it is crucial that the government and the international community work together to prevent terrorist activities. The recent increases in terrorist activities have highlighted the need for vigorous efforts to combat terrorism. It is important that we continue to support initiatives that enhance international cooperation and strengthen our national security measures. The fight against terrorism requires a unified approach and a commitment to global security.

Social security

An adequate social security system is essential for ensuring the well-being of the elderly, the young, and those with disabilities. It is crucial that we continue to invest in social security programs that provide financial support and care for vulnerable populations. The government should consider strategies for improving the sustainability of these programs and ensuring that they are accessible to all who need them.

Microwaves: How safe?

There is no question that microwaves are very safe. Most microwave ovens are equipped with safety devices that prevent overheating. However, it is important to follow the manufacturer's instructions and guidelines for using microwaves to avoid any potential hazards.

A knapsack treat with crunch

Family relationships take 'WORK'

Making good children first and foremost, and children first in the family is a key to satisfying family life. Education is the key to a child's life. You can give a child a happy home; you can give a child a happy life. You can give a child a happy family; you can give a child a happy childhood. It is, perhaps, the most important thing that you can give a child.

Walking in the light

Background Scripture: 1 John 1:5-7

Mentioned Scripture: If we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanseth us from all sin (1 John 1:7).”

The active parts of the body of Christ, the members of His church, are like a living organism, one with another. Each part depends on the others, and each is dependent upon Christ for strength and life. Jesus declared that He is the light of the world. "I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life" (John 8:12).

The people who follow Christ are like a living organism, dependent upon their fellow members of the body for strength and purpose. Paul described the church as a body, with Christ as the head. "Your body also is one member in Christ; and all members are not one member" (1 Cor. 12:12). The body of Christ, through its members, is one with another and is dependent upon the head—Christ.
