No Olympic glory

There isn't much credit for going to the Olympics, so let's not make a big deal about the one- or two-week event. But the Olympics have a way of bringing our country together. The world looks at our athletes, and they see that we can be great. It's not just about the athletes; it's about our entire country coming together to support them.

Soviet contempt

The Soviet Union's recent actions have made it clear that they don't believe in democracy or free elections. They have tried to control other countries and undermine their leaders. It's a tragic situation, and it's important that we stand together against it.

No beer drinking while cruising

As we all know, alcohol is banned on cruise ships. But what about beer? It's not as easy as you might think. I've heard stories of people trying to sneak it on board, but it's not worth the risk. It's better to enjoy the sailing without the hassle.

Out Of The Past

The Panama Watchman is a historical newspaper that was published in Panama City, Florida, from 1887 to 1941. It was one of the first newspapers in the area, and it played an important role in shaping the community. Today, it's a valuable resource for researchers and history buffs.

Shopping cart tells a story

As Harry A. Dittmar, manager of the People's Market and an expert on supermarket trends, points out, the most important thing a man can do to help his wife is to learn how to shop. The cart tells a story, a story of how the shopping habits of wives are changing. The cart is a map of failed economy, a map of the hunger for good food and the desire for wholesome eating.

"We've been doing it that way for years," said Mrs. Dittmar, who is a member of the market's executive committee. "But now we're finding that the shopping habits of women are changing. They want to shop for quality and not quantity. They want to buy the best and not the cheapest." 

"It's a new era," said Mrs. Dittmar, "and we're trying to keep up with it." 

Easy as pie — Olive enchiladas

"Olive enchiladas are easy to make," said Mrs. Dittmar, "and they're a great way to mix up the food mix. They're a great way to use up leftover chicken or turkey." 

"And they're delicious," said Mrs. Dittmar, "and they're a great way to get the family together for a meal."
