Premeditated genocide

The picture of starving children in the Middle East, combined with the 250,000,000 people on the road to starvation because of the drought, has caused the United Nations to characterize the world situation as a 'shocking revelation of the global impact of hunger'.

Southland provides forestry scholarship

The Southland State Board of Education offers a $1,000 scholarship in forestry to students who are majoring in forestry or conservation. The scholarship is open to students who have completed at least one year of college and have a minimum 3.0 GPA. The scholarship is renewable for up to four years.
