CISD board to consider amending school budget

Gallahar board members will meet next week at 7 p.m. in the auditorium to consider a proposal for amending the school budget. The board is expected to vote on the amendments at its regular meeting on Sept. 21. The proposed budget includes $300 million in new school construction and renovation projects, as well as increased teacher salaries and district-wide technology upgrades.

Law officers widen search for escapee

Local law enforcement is searching for a convicted murderer who escaped from the Denton County Jail on July 17. The escapee, who is serving a life sentence for murder, was last seen escaping through the back of the jail. The search has been expanded to include the surrounding county. No additional details are available at this time.

Restocking plan not set

Mom and pop stores are expected to restock shelves with school supplies after the district-wide supply shortage. District officials are still working to determine how much inventory is necessary to meet demand.

Cutting consumption

Some recent statistics have shown that the average American family consumes more energy than the average family in any other country. This is a cause for concern for many economists and policymakers. The report suggests that the government should consider implementing policies to reduce energy consumption and promote conservation.

Nuclear rhetoric

The nuclear power industry is facing significant challenges in terms of public perception and political support. The recent accidents in Japan have raised concerns about the safety and reliability of nuclear power plants. The industry needs to address these concerns and develop new strategies to regain public trust.

Is Canada for sale?

There have been reports of Canadian officials discussing the possibility of selling parts of the country to foreign investors. This has sparked a debate about the implications of such a move on national sovereignty and economic interests.
