RCEC rate hike granted

The Rock County Electric Cooperative Board granted a rate hike for its members to cover higher electricity costs. The hike was necessary due to increased fuel costs and operational expenses. The new rates will take effect in January and will be implemented in phases over the next three years. Members have been notified of the changes and will receive detailed information on the increase in their next bill. The cooperative has also initiated a customer assistance program to help members manage the cost increase.

Suit filed against Tatum officials

Graham County Attorney Ben Smith filed a lawsuit against Tatum officials, alleging violations of state law. The suit stems from a dispute over the construction of a new water treatment plant. According to the suit, the city violated the Public Works Board's regulations by not following proper bidding procedures. The city has denied the allegations and has stated that the project was awarded through a competitive bidding process.

Fire departments participate

Chamber plans fire prevention week

All fire departments in the county will participate in the chamber's fire prevention week activities. The week-long event is designed to educate the public on fire safety and prevention. Various events, including fire safety workshops, a home safety check, and a community-wide fire drill, will be held. The chamber is working closely with local fire departments to ensure that the events are well-organized and informative.

Woods Methodist in National Register

The Woods Methodist Church, a historic landmark in the area, has been added to the National Register of Historic Places. The church was originally built in 1905 and has been a cornerstone of the community ever since. The addition to the register recognizes the church's significance in the local history and emphasizes the need for its preservation.

1st quarter sales climb

Despite economic challenges, many businesses in the area have reported an increase in sales during the first quarter of the year. Factors contributing to the growth include increased consumer spending, improved inventory management, and strategic marketing efforts. However, some businesses have noted a slowing down in growth towards the end of the quarter, which is expected to continue into the second quarter.

Sea Treaty

Efforts to achieve an international treaty on the Law of the Sea have been underway for many years. In a debate over the treaty’s value and necessity, questions have been raised regarding whether there is a need for a legal framework to govern the use of the oceans.

As an advocate for the proposed agreement, President Johnson sought to address the concerns of those who believe that the treaty is unnecessary. He argues that the treaty is a step towards global cooperation and would ensure the sustainable use of the oceans.

In conclusion, the president emphasizes the importance of the treaty in promoting international collaboration and protecting the marine environment.

Mistakes prove downfall

The defense held Bastrop to an average of only 6 points per game this season, but the team lost to the Bulldogs due to uncharacteristic mistakes on offense. The Jackets had a difficult time putting the ball on the field and moving the chains, resulting in numerous turnovers. The coach attributed the loss to the team's inability to execute plays and make decisions under pressure.

After four games

Kilgore anchors first without defeat

By Mike Parks

The Ladyjacks rode the back of two shutouts and a combined 6-3 performance on Thursday against the hosts of Carthage to claim their first district win of the season. They will move on to play the Bearcats of Plainview, who are also 1-0 in district play.

Ladyjacks drop four

In a tough reversal, the Ladyjacks could not dent the score against Plainview. Plainview scored 4 runs in the fourth inning against the Ladyjacks. After the game, Coach Christine Barnes said, "We just couldn't shut this team down. They had a lot of power hitters and we couldn't stop them from scoring."

Fishing and friends occupy same boat

A group of friends was out fishing on the same boat. "It's always fun to fish with friends," said one of the group. "We sometimes catch fish, and sometimes we don't, but it's always a good time." One of the group members, who was a professional fisherman, said, "Fishing is a great sport, and you can meet some really cool people doing it." He also mentioned that they had caught some big fish during their trip.

Cattle disease battled

A cotton gin in Panola County is currently experiencing problems with its equipment, but the gin is holding its own. The gin, owned by Mr. and Mrs. E. L. Bell from Lakeview, was forced to close down for a few days due to a mechanical breakdown. However, the gin has since been repaired and is back in operation.

Reagan race launched here

John B. Anderson of Eastland, a Republican, has launched his campaign for the Republican nomination for President of the United States. Anderson is a former military officer and has been active in Republican politics for many years. He is expected to face stiff competition from other candidates, including those from the Democratic Party.

Tatum officials puzzled

Officials in Tatum are puzzled by the recentENCIL threat that a new facility will be built in the area. The threat has come from an unknown source, and the officials are unsure of its origin. Some local residents have expressed concern about the potential impact of the new facility on the community. However, others have welcomed the possibility of new economic opportunities.

Baby escapes injury

A baby was injured in an accident involving a car and a bicycle. The baby, who was riding in a car seat, was thrown from the vehicle and sustained minor injuries. The baby was taken to the hospital for treatment, where it is expected to recover fully.
