The winner of the 2023 Horse and Hound Festival, held in the first week of October, was announced last week by the festival committee. The winner was chosen from among 10 contestants who competed in the annual event.

The festival, which celebrates the history and culture of the area, includes a variety of activities, including a horse show, a parade, and a beauty pageant.

The winner, who was chosen by a panel of judges, was announced at a ceremony held in the town square. The announcement was made by the festival's emcee, who read the name of the winner to the crowd.

The winner received a trophy and a cash prize.

The festival continues through the weekend, with events planned for each day.

I am a candidate for Place 7, Carthage Independent School District Board of Trustees. I will be the last candidate on the ballot from the top of Place 7. I have always been interested in the welfare of the school children, and the teachers. I have one son, Kyle, who is presently a junior at Carthage High School. My husband and I have been married for thirty-five years. I am a member of the United Methodist Church and a member of the American Legion Auxiliary. I believe in the education of our children and I am committed to making sure they receive the best education possible. Thank you.

SQUARE APPROACH

I am writing to report that there is a group of people who are planning to hold a rally in the town square on Saturday, December 3rd. They are calling themselves the "SQUARE APPROACH" group. I believe that they are trying to recreate an event that took place in Carthage many years ago. I am concerned about the potential for violence and I would like to speak to someone at the Carthage Police Department about this issue. Thank you.

HGRID

I don't think that the school board has done enough to address the concerns of the community. They need to be more proactive and listen to the people who are affected by the decisions that they make. I think that they should consider implementing a system where parents can vote on the school budget and other important issues. Thank you.

WHERE HAVE THEY GONE?

I have been following the activities of the "HGRID" group and I am concerned about their impact on the community. They have been accused of causing vandalism and other problems. I would like to know what steps are being taken to address these issues. Thank you.

TRY THERE

"HGRID" is an organization that has been active in our community for several years. They have been known to cause problems and they seem to be targeting local businesses. I would like to know what steps are being taken to address these issues. Thank you.

I was surprised to hear that the "HGRID" group has been charged with vandalism. I have always thought of them as a group of people who are interested in the well-being of the community. I am concerned about the implications of these charges and I would like to know what steps are being taken to address them. Thank you.
