Town manager is reluctant to consider a dog pound for the city because he says it would become a financial burden. The animal shelter would not only have to provide care for the animals, but also have to pay for the upkeep of the facility. The city would have to pay for the staff to take care of the animals, as well as the cost of the building.

Texas, national job commissions celebrate 50th

By Marianna Minter

The Texas Commission on Human Rights and the United States Equal Employment Opportunity Commission began their 50th year of service to the nation last month.

The commissions were established as a result of the Civil Rights Act of 1964, which was signed into law by President Lyndon B. Johnson on July 2, 1964.

Since then, the commissions have worked to ensure equal employment opportunities for all people, regardless of their race, color, national origin, sex, or religion.

On Monday, Oct. 10, the commissions held a celebratory event at the Capitol in Austin. The event featured speeches from members of Congress and other leaders.

"The Civil Rights Act of 1964 was a turning point in our country's history," said Senator John Cornyn, a Republican from Texas. "It was a landmark law that ensured all Americans have the right to work without discrimination.

"The Texas Commission on Human Rights and the EEOC have played a vital role in ensuring that law is upheld.

"This anniversary is a reminder of the work we still need to do to实现真正的平等。

The commissions will continue to work to enforce the Civil Rights Act and to protect the rights of all Americans.

"With the help of the public, we can ensure that all people have the opportunity to succeed in the workplace," Cornyn said. "We must continue to fight for equality and justice for everyone."
Klein athletic director to be inducted in July

Former CHS athlete gains Hall of Fame honors.

Allen Boren, athletic director of Klein Independent School District and a former student-athlete at Klein High School, will be inducted into the Texas High School Coaches Association Hall of Fame later this year.

Boren has been athletic director at Klein since 2001 and served as the head coach of the Klein football team from 1989 to 1999. He also served as the head coach of the Klein boys' basketball team from 1989 to 1999.

Boren's nomination for the Hall of Fame was based on his contributions to the sport of football, his leadership as athletic director, and his dedication to the students and community.

Boren played football at Klein High School and was a three-sport athlete. He later attended Sam Houston State University, where he played football and basketball.

Boren has been involved in numerous youth organizations and community events, and he has been a mentor to many young athletes.

Boren is the third Klein ISD athletic director to be inducted into the Hall of Fame, following Bob Wehman and Ken Beasley.

By Marie Jones

The Libby Eager Readers, under the leadership of Libby Eager, has been active in the children's reading program during the past school year.

The program, which started in September, is designed to encourage reading among young children. The participants are divided into three age groups: kindergarten, first grade, and second grade.

The program includes weekly readings, discussions, and activities related to the books read. Each child is given a book to read at home, and parents are encouraged to participate in the reading process.

At the end of the year, a special ceremony is held to recognize the children who have demonstrated a strong commitment to reading. Prizes and shirts are awarded to the top performers in each age group.

The program has been well-received by the children and their parents. Many of the children have shown a remarkable improvement in their reading skills and confidence.
