A LOOK AT IMPORTANT ISSUES FACING PANOLA COUNTY TODAY

Editorial...

Somebody dialed a wrong number

When someone dialed wrong, we just hope they didn't get a ticket. Or worse, if they dialed wrong, the number dialed didn't work or was disconnected. These are some of the problems related to calling numbers wrong. But, if the number is used, the theme is the same - they're wrong.

For example, we've heard the story of a person who dialed the wrong number and ended up in someone else's house. Or, they dialed the wrong number and got a busy signal. These are just a few of the problems related to dialing wrong numbers. It's a good thing to know how to correct it before it happens again.

Armadillo has a problem getting any respect

By Earl Custer

For many years, the armadillo has been considered a pest. But, with the progress of science and technology, the armadillo has been reassigned as a useful animal. With the development of new tools and weapons, the armadillo has been used to great advantage. The development of new tools and weapons has allowed the armadillo to be used in a variety of ways. The armadillo has been used in research and development, as well as in the military. The armadillo has also been used in agriculture, as it can help control pests.

The armadillo has been a source of inspiration for many. The armadillo has been used in literature, art, and music. The armadillo has also been used in film and television. The armadillo has been a source of inspiration for many, and it is expected to continue to be so.

Chamber secretary attends management school

By Don Channer
Pensacola Chamber of Commerce President Curtis Cale, left, and Chamber Secretary Gayle Haile talk about the Chamber's "Your Business Council" meetings. The meetings are held monthly at the Chamber's office in the Pensacola Civic Center. The Chamber also hosts other events, such as the "Pensacola BID" meetings, which are held quarterly. The Chamber's goal is to provide a platform for local businesses to come together and discuss issues affecting their businesses. Gayle Haile has been working for the Chamber for over 20 years and has seen many changes in the local business community. She is an important part of the Chamber's staff and helps ensure the success of its various events.

**Reunion**

Dr. Robert Pickens and wife, Mrs. Pickens, were in town recently from their home in Shreveport, La. They spent one week visiting family and friends in the area. Mr. and Mrs. Pickens are the parents of Dr. Bob Pickens, who is currently serving as the president of the University of Texas at Arlington. They also have a daughter, Mrs. Pam Pickens, who lives in Shreveport. The family enjoyed a pleasant stay and is looking forward to their next visit.

Mr. and Mrs. Lyle Wills, who reside in Shreveport, came to town for a brief visit. They were accompanied by their daughter, Miss Jane Wills, who is a student at the University of Texas at Arlington. The family spent some time catching up on old times and enjoying the local sights. They also had the opportunity to attend a local event and were impressed by the event's organization and atmosphere.
