Age no bearing on being kid

By E.C. Come, E.C. Go

Being a kid is great. You get to do all the fun things and have all the freedom. You can run around outside without a care in the world. And you can play with your friends all day. But sometimes, being a kid can be a little lonely. Like when you're stuck alone at home and there's nobody to play with. That's when you wish you were an adult. But then you realize that being an adult can be just as lonely because you don't have all the time to yourself. So you just have to make the best of it and enjoy being a kid as much as you can.
City approves truck ordinance amendment

By Earl Cheatham

The Galveston City Council has approved a new truck ordinance amendment that will take effect on December 1, 2023.

The ordinance, which was approved unanimously by the council, will require all trucks entering the city limits to obtain a permit from the city's transportation department. The permit will be valid for a period of one year and will cost $250 per vehicle.

The new amendment also includes provisions for the enforcement of the permit requirements, with fines of up to $1,000 for violations.

"This ordinance is necessary to ensure the safety and welfare of our citizens," said Mayor John Doe. "We have seen too many accidents involving trucks and we need to take action to prevent them in the future.
