Editors:

Bulldogs represent community well

An exciting game of Carthage High School football in the Steel Dome and the fighting spirit of the community in the streetlights makes it well worth the trip. The Carthage Bulldogs are the pride of their town, and they play with a sense of pride and self-esteem that is difficult for other teams to match. The team is well-liked and respected, not just by the people in Carthage, but by fans throughout the state. This is a true community of sports-loving people, and the Bulldogs are a big part of that. The team is also known for its community service, participating in various community events and supporting local businesses.

Christmas parade has growing pains

The members of the Pawnee Christmas Parade Committee are working hard to make this year's parade a success. This year's theme is "Christmas Around the World," and the committee is planning a variety of floats and performances that reflect the spirit of the holiday season. The parade will feature music, lighting, and a variety of decorations that will make it a truly memorable event. The committee is also looking forward to welcoming new participants, including businesses and organizations, to join in the fun. This year's parade is expected to be even bigger and better than ever, with a variety of activities for all ages to enjoy.

E.C. Come, E.C. Go

Avoiding batteries is depressing

At Pawnee Elementary School, the students are learning about the importance of proper battery usage and disposal. The school has implemented a new policy that requires students to return any batteries that are not properly disposed of. The school is also working with its local community to ensure that all batteries are recycled properly. This is a great opportunity for the students to learn about the importance of protecting the environment and making informed decisions about battery usage.

Band members earn all-region

The 1983 All-Region Band was announced last week, and the Pawnee High School band members who were selected are working hard to prepare for their upcoming performance. The band members are excited to represent their school and community, and they are looking forward to a successful performance. The band will be joined by other all-region musicians from across the state, and they will perform a variety of musical styles and genres. This is a great opportunity for the band members to gain valuable experience and showcase their skills.

Football season may end

As the football season draws to a close, the Pawnee High School football team is looking back on a successful season. The team has had a number of exciting games and has earned a spot in the state playoffs. The team has also been recognized for its community service and its contributions to the school and community. The team is grateful for the support of the fans and community members, and they are looking forward to a bright future.

Five arrested over cigarette theft

Five Carthage residents have been arrested for stealing cigarettes from a store. The residents, who were arrested last week, are accused of stealing hundreds of dollars in cigarettes from a local store. The residents are scheduled to appear in court next week, and they are facing serious charges. The store owners are relieved to see the residents arrested and are grateful for the efforts of the police. The community is also relieved to see the residents arrested, and they are looking forward to a safer and more secure community.

Santa Fe derailment reported

A Santa Fe train derailed last week, causing a significant delay for commuters. The train was traveling from Mississippi to Texas when it derailed, causing a two-hour delay for passengers. The train was traveling on a track that had previously been inspected, and it is unclear what caused the derailment. The train was empty, and there were no injuries reported. The train company is investigating the cause of the derailment, and they are working to ensure that the track is safe for future travel.

Unusual mishap injures woman

A female customer shopping at a local store was injured when a car struck a truck making a wide turn at the intersection of a major road. The accident occurred during the busy shopping season, and witnesses reported that the driver of the truck failed to yield to the oncoming traffic.

Committee okays incinerator proposal

The city council has approved the construction of an incinerator to handle the increasing amount of waste generated by the city. The incinerator will be located on the outskirts of town and will be used to convert waste into energy.

Christmas parade tremendous success

The annual Christmas parade was a huge success, with thousands of people lining the streets to watch the floats, music, and performances. The parade was sponsored by the local chamber of commerce and was a major event for the community.

Reynolds likes Dogs’ chances

Carcillos quiets another of those happy responders. This is simply a case of the players wanting to make their mark in the game. The players have been waiting for the opportunity to show what they can do. Carcillos has been in the game long enough to know that he has been waiting for the right moment to show his game. Carcillos will be waiting for the right moment to show his game.
