**Latest oil & gas report**

The Middle East is the world’s second-largest producer of oil and gas after the United States, accounting for about 18% of global production. Iran, Saudi Arabia, and Iraq are the region’s leading producers, each contributing significantly to the global market. The region's oil and gas resources are vast, with estimated reserves of around 1.4 trillion barrels of oil and 57.2 trillion cubic meters of natural gas. Iran is the second-largest holder of oil reserves, while Saudi Arabia holds the largest gas reserves. The economic and political landscape of the region is heavily influenced by these resources, with oil and gas driving economic growth and serving as a cornerstone of many countries' national policies.

Video tape needed for DWI cases

Pamela County Attorney Robert Holbert said Wednesday that he has the next step in one long legal battle over videotapes of drivers charged with driving while intoxicated. Holbert said he has asked the state to allow him to use the videotapes in court, but he has no idea when a decision will be made. He said he hopes to use the tapes to show jurors what they will see in real life.

The videotapes were ordered to be destroyed by a judge in 1993, but Holbert was able to get a copy of the tapes from the police department. He said he wants to use the tapes in court to show jurors what they will see in real life.

Chapman campaign visits Carthage

Chapman, a local figure known for his support in Carthage and throughout the county, has a good chance of winning the upcoming election. Chapman and his supporters believe that Carthage has much to gain from his victory.

Chapman said, "I'll be a very tough race but I believe that my experience and leadership will make the difference." He went on to say that the goals he has set for Carthage are achievable and will benefit all residents.

In Carthage, Chapman is expected to have a strong showing, particularly in the rural areas where his name recognition is strong.

**Keep playoff hopes alive, 59-54**

**Ponies find spark, beat Tyler**

By BILLY DAVIS

The Ponies, who were ready to throw in their playoff hopes, did just that Friday night as they beat Tyler 59-54. Ponies head coach Carl Parkey showed there was life in the old bean ball yet as the Ponies dumped the Tigers.

The Ponies, who haven't made the playoffs since 1933, responded to the pressure by scoring in the final minutes of the game. Ponies forward Andrew Murphy closed the gap to 59-54 with less than a minute left in the game. Murphy then made two free throws to tie the score with 11 seconds left. Murphy then scored two more free throws to give the Ponies their first lead of the game. The lead lasted until the last seconds of the game as Murphy made two more free throws to seal the victory for the Ponies.

The Ponies' victory set up a potential playoff game against Tyler, who lost to the Ponies in the regular season. The teams will meet again on Tuesday night in Tyler. The Ponies currently hold the No. 1 seed in the district and are looking to capture the district championship.

By Louis Davis

Harkrider, a local fitness instructor, is known for his energetic and motivating trainings. His latest program, ‘Heart Beats,’ emphasizes cardiovascular exercise and has gained popularity among those seeking a fun and effective workout. Harkrider believes that exercise is not just a way to maintain physical health, but also a means to improve mental well-being. He encourages participants to set personal goals and keeps them motivated throughout the training sessions.

Heart Beats prove exercise is fun

The exercise, though it's not new, is the idea of Heart Beats, a fun way to get kids moving and enjoying physical activity. The program, designed by children for children, is proving to be a hit among young participants.

At the Heart Beats sessions, children are encouraged to exercise in a variety of ways, from dancing and jumping to running and playing games. The goal is to keep kids active and healthy, while also having fun.

The program is being held in several locations around the area, and has been well-received by both children and parents.

"Heart Beats is a great way to keep kids active and engaged," said one parent. "My child looks forward to these sessions every week and comes back excited to tell me about all the fun they had.

The program is also proving to be beneficial for the children's overall health, as they are getting the physical activity they need to stay healthy.

Heart Beats is a great example of how fun exercise can be for children, and how it can have a positive impact on their health and well-being.

Caldwell County Sheriff's Office

Jury convicts absent suspect

The jury is scheduled to return to the dock for closing arguments in the trial of a man who was arrested last week in a failure to appear case. The trial was set for the next day in the court of Judge Baker. A lawyer for the attorney represented in the case, and a judge is expected to rule on the motion to dismiss the case.

City to close facility deal today

The city council has approved a plan to close a facility in the city. The facilities will be used as a new location for the city's public works department. The city manager, Charles Thomas, said the city council was pleased with the decision to close the facility.

Bristow urges support for schools

Principal Robert Brister has urged support for schools in the Beckville school district. He said that the district needs to be more proactive in order to meet the needs of the students.

Health forces Beckville principal to retire

Although Brister has consented to a $100,000 retirement package, he is not sure if he will return to his position. He said that he has been offered the job of principal at a new school in the district, but he is not sure if he will accept.

Gary queen crowned

The Gary High School Queen was crowned last week. The event was held at the school and was attended by many students and teachers.
