Strength for Living: Positive thinking

"I've never met a person who could define a positive attitude toward life," said Dr. John Woodard, who preaches at First Baptist Church in Panola County.

"But we're trying to improve a person's attitude toward life by positive thinking. Positive thinking is the key to success in any area of life." Dr. Woodard said.

The church has set up a program called "Strength for Living." It's a program designed to help people develop positive attitudes toward life.

Youth livestock sale support is needed

We are counting on the efforts of the county now to help head off the loss of the future. Youth livestock sales should be actively supported now as they have been in the past and will continue to be a strong force in youth development.

And the key to this youth leadership is not only the sale of livestock but the sale of ideas. Youth livestock sales not only teach the importance of hard work, but also teach the importance of teamwork.

And they do this by providing an opportunity for young people to learn the value of teamwork.
